

Building is a Brant community initiative that is going to find out what we need to build in order to make our neighbourhoods even better.

How?

- We are asking groups of people to get together to answer three simple questions.
- Then submit their answers to rishiaburke@clbrant.com
- 5 to 7 ideas or building projects will be selected.
- Groups will form and start those projects in the summer of 2019.
- There will be a celebration at the completion of the projects.

1. What is great about your neighbourhood or community?
2. What would make it even better?
3. What could we build to make it better?

How many people were part of your conversation? _____

One contact name and email for your group: _____

Next Step: You can take a picture of this and email it to rishiaburke@clbrant.com or just email the answers. We would love a selfie of your group if you are willing!
